WORK EXPERIENCE

Hot Gourmet Coffee | San Jose, CA

November 2018 - December 2018

- Efficiently worked with other team members to ensure the best quality service to customers at a seasonal holiday park.
- Assisted with store functioning such as maintenance, inventory, cleanliness, and customer care.

Ross Stores | Menifee, CA

June 2022 - November 2022

- Collaborated with team members to receive and process merchandise shipments, ensuring accuracy.
- Maintained an organized stockroom, following safety guidelines and restocking merchandise efficiently.

24 Hour Home Care | Murrieta, CA

April 2022 - Present

- Attained Adult and Pediatric First Aid/CPR/AED Certification; established a secure home care environment for a Down Syndrome care recipient in collaboration with parent/guardian.
- Led diverse activities for the care recipient, including social, educational, and physical engagements, promoting overall well-being.

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

[Github Repository](#)

- Developed a fully responsive website from scratch, using multiple languages to create structure, styling, and dynamic interactions for an engaging user experience.

Email Client | Python

[Github Repository](#)

- Designed and implemented a modular and scalable email client using QT Designer and the PyQt5 library, featuring a graphical user interface (GUI) for user authentication, email composition, and sending, while adhering to object-oriented programming principles.

Wordle Game | C++

[Github Repository](#)

- Programmed an engaging game that emulates Wordle, showcasing proficiency in application development and innovative interactive design, utilizing various data structures and algorithms.
